

Area 2: Silverdale / Silverview - Clean Up

Meeting Location: Silverdale Playground

Area to focus

- Silverdale Playground
- Public pathway between houses
- Soccer fields and baseball diamonds (check along fences and trees)
- Pathway along Silver Springs Gate from the boulevard to Varsity Acres
- Bowmont park along the ridge and further down to the river. Lots of litter in the trees along the ridge, around benches and observation platforms
- Dog corral and Off Leash area

Suggested pattern

- Start by cleaning the playground all together and the nearby public pathways (should be quick)
- Send a group to the soccer field, baseball diamonds and pathway. When done continue south along Bowmont Park (Silver View Way) toward the ridge
- Send a group to go along the ridge starting from the boulevard and 54St intersection, keep going along the ridge until meeting the group that finished the soccer fields and baseball diamonds.
- If time allows keep working at Bowmont Park
