

Area 3: SSCA / Waterfall Valley - Clean Up

Meeting Location: Silver Springs Community Center North Parking Lot

Area to focus

- Silver Ridge Crescent Playground
- Silver Mead Crescent Playground
- SSCA grounds
- Silver Springs School grounds
- Silver Ridge Drive
- Bowmont Park along the ridge and the observation platform
- Waterfall valley

Suggested pattern

- Send a group to focus on the SSCA, Silver Springs School Grounds first then to Silver Ridge Crescent Playground and Silver Mead Crescent Playground. Coming back to the SSCA along Silver Ridge Drive.
- Send a group to the waterfall valley until the observation platform. Try to divide the group to cover the many other paths (please make sure everyone stays safe and do not adventure to unsafe locations). From the observation platform go up the ridge (new stairs) and continue cleaning along the ridge away from the pathway. Go up to the observation platform (lots of litter there). Come back on the pathway and send a few people on Silver Crest Green.
- If time permits, continue cleaning Bowmont park, especially in the trees and bushes.
