

Area 4: Silver Hill / Silver Ridge / Fournier Trail - Clean Up

Meeting Location: Edible Gardens

Area to focus

- Soccer field, playground, baseball diamond (along fences)
- Path backing the house along Silver Hill Way
- Path backing the house along Silver Crest Crescent
- Bowmont Park in general: Regional pathway and Fournier trail

Suggested pattern

- Start as a group with the Soccer field, playground, baseball diamond (along fences)
- Once done, a group goes along the back of Silver Hill Way until Silver Springs Road. Then onto the regional pathway down to the Fournier trail. Go around the Fournier trail and go up to the observation platform
- Another group goes along Silver, the trail backing Silver Crest Crescent towards the observation platform (clean fort grasshopper on your way). Go down to the Fournier Trail to meet the other group if not at the platform yet.
- Go back to the EGG through Silver Ridge Dr.
- Alternatively the loop could be done as a single group.
